

# Sierra Sun

by WALTER M. BARRETT

A ray of hope filtered through the dark clouds of despair which have shadowed the prospects of ever having the main street here properly cleared when a suggestion that the dirt portion of the highway between the present paved section and the sidewalk be graded and surfaced, met with approval of those empowered to inaugurate such a project. Estimates of the cost have been worked out and an expenditure of \$2500 may be expected. Whether this sum is raised through a bond issue, which would scatter the cost over a period of years and impose no burden upon anyone, or whether it can be done through accumulated funds are the two courses now under consideration. The project is vital to Truckee's welfare. We appreciate our huge volume of tourist trade and should do everything possible to make our town more presentable. As the proposed project gains headway, it should invite the full cooperation of every resident of the region.

An unfortunate occurrence was reported last week in the arrest and conviction of a young CCC enrollee on a charge of slashing another boy with a knife during a heated argument at the Hobart Mills camp. It was the first time this season that either of our two CCC camps came in for unfavorable publicity. We believe the personnel of the camps to be of high standard and have the highest regard for the officers and young men who are generally well behaved. The one black mark may well be erased.

It is interesting to note that while a few businesses are complaining of lack of patronage, none that advertise is numbered among these. That has a double significance. First and foremost the advertising itself is a sure-fire business getter and in the second place you generally find the store which advertises operated in modern and above standard methods.

## Truckee Youth No. 1 in List of July Registrants

Number 98, the second number to be drawn in the second registration lottery at Washington, D.C., last Thursday, was the first number to effect registrants of Nevada county. The number was held by Robert Earl Potts of Truckee. The previously drawn numbers were all above those of all this county's registrants since the highest number for Nevada county in the second call is 102.

All local order numbers will be posted in the Sierra Sun window until Monday.

## Truckee Citizens Donate \$24.50 to U. S. O. Drive

Nevada county this week still lacked \$200 of attaining its \$1600 quota set by the USO, according to officials, who report donation are trickling in slowly.

Donations acknowledged include \$24.50 from unnamed Truckee residents.

## Programs for Two Shows In Printers' Hands Here

Programs for the month of August for the Donner Theater in Truckee and for the first two weeks of that month for the Tahoe Theater at Kings Beach are now in the hands of the printer and will be issued in the near future.

Among the nationally-advertised shows coming to the Truckee cinema are "The Bride Came C. O. D." with Bette Davis and James Cagney; "Moon Over Miami" with Betty Grable and Don Ameche; "Blood and Sand" with Tyrone Power and Linda Darnell; "Caught in the Draft" with Bob Hope and Dorothy Lamour; "Kiss the Boys Goodbye" with Mary Martin and many others well worth while.

On the Tahoe list are "Kitty Foyle" with Ginger Rogers; "Euck Privates" with Abbott and Costello; "Road to Zanzibar" with Bob Hope and Bing Crosby and many other hit shows.

## Mervin Sanders Parents Of Twins Born July 23

Mr. and Mrs. Mervin Sanders of Sacramento are receiving congratulations from their many friends upon the arrival of twin girls at the Sutter Hospital last night. Sanders was raised here and is the son of Mr. and Mrs. Joe Sanders.

## Man Injured On Main Street In Auto Accident

Pedestrian Struck While Crossing Street Here

### LEGS ARE BROKEN

Bay Banker Hurt During Rush to Catch Train

Darting out into the street from behind a parked truck, W. Voden, 50, 969 University Avenue, Palo Alto, was seriously injured at 6:30 o'clock Friday morning when he was struck by a car driven by L. E. Euer of Soda Springs.

Voden, associated with the American Trust Company in Palo Alto, had been eating breakfast in a local restaurant when he saw a train pull into the depot. Believing it was the train to Tahoe which he wished to catch, he grabbed his grip and hurriedly started across the street.

Euer was driving west at a moderate rate of speed, according to witnesses and made an effort to avoid striking Voden but could not.

The impact threw the pedestrian into the air and he fell heavily to the pavement. He suffered compound fractures of both legs and severe bruises and shock. He was taken to a Reno hospital after emergency treatment by Dr. J. H. Bernard.

## Former Hobart Woman Buried After Reno Ride

Funeral services of the Catholic Church in Reno were held Monday for Mrs. Della Laviolette, for many years a resident of Hobart Mills and Verdi, who died in Seattle Wednesday of last week. A daughter and son and several nieces and nephews survive.

## Seawell Pledges Support to Full-Time Patrol Office

State Senator Jerrold Seawell advises that he is making an effort to have a full-time highway patrol office established in this region to care for the many wants of local and traveling motorists. The division has abolished the office here which was opened one day each week and announced the office would be open only on the third Monday of each month.

## Man Arrested by Officers On Charge at Naval Base

A man giving his name as Robert Bullock, 38, of San Francisco, was arrested by federal bureau of investigation agents and state highway patrolmen last Thursday while enjoying a honeymoon in a cabin in Hope Valley. He was returned to Sacramento by a United States marshal to face charges growing out of his illegally wearing a sailor's uniform at Mare Island.

Officers George Smith and Grover Keeter accompanied the federal man to the cabin and returned with him to Truckee. They said Bullock had been in prison previously and has many aliases.

## Reception for New Weds At Home of Seymours

Kings Beach, July 24—The home of Mr. and Mrs. George Seymour, near the golf course, was the scene of a wedding reception for Mr. and Mrs. Ed Cadden of Roseville on Saturday, July 19. Mrs. Cadden is the former Mabel Oleson, daughter of Mr. and Mrs. Oscar Oleson of Roseville. The couple was married at high noon Saturday in Reno by Rev. Brewster Adams. They were attended by Mr. and Mrs. S. Buchanan of Sacramento, Mr. and Mrs. S. Darrington of Roseville and the bride's parents were also present.

## SMALL FIRE DEFIES FIGHTERS FOR TWO DAYS, NIGHTS HERE

Believe it or not, it took two days and nights to extinguish a trouble some fire at Emigrant Trail lodge. Starting in the store room or kitchen on the lodge last Saturday night at 11 o'clock, the fire ate its way into where the walls join the ceiling and there it defied efforts of volunteers and the forest service equipment.

The fire fighters left, but Monday morning a slight draft started the incipient blaze again and the firemen rushed to the scene. Believing the danger gone, they returned to work, but that afternoon the siren again summoned them to the lodge. This time they were more thorough, but still the smoldering embers defied detection.

Monday night, rather than arouse the countryside again with the blast of the siren, Manager Tom Ryan telephoned Assistant Fire Chief Tony Pace, who armed himself with an axe and a couple of saws and really went to work. He cut and saved his way into where the stubborn fire still persisted and finally put it out.

## Truckee Rebekahs Install At Wednesday Meeting

Naomi Rebekah Lodge, No. 2, held installation ceremonies at the regular meeting last night.

Mrs. Leona Cartwright, district deputy, assisted by her staff of officers installed the following for ensuing term:

Laura Smith, past noble grand; Veronica Foster, noble grand; Winifred Kamp, vice grand; Katherine Mulcahy, warden; Alva Anderson, conductress; Hannah Stewart, chaplain; Lotta Bryant, musician; Leona Cartwright, RSN; Jennie Moore, LSN; Estelle Feathers, RSV; Cora Maxson, LSV; Bertha Gates, inside guardian; Lucille Bick and George Follett, incumbent secretary and treasurer, hold office until January 1. A gift was presented to Mrs. Smith, retiring noble grand. The newly installed officers served refreshments.

## Forest Service Puts On More Men to Fight Fires

Further extension of the efficient fire control organization of the Tahoe National Forest was announced last week with the hiring of 37 men to be used as suppression crews and in prevention work throughout the vast forest region.

Five-man crews will be stationed as follows two at Foresthill and one each at Camptonville, Big Bend, Blue Canyon, Downieville and Truckee.

Forest service officials state the reason for this hiring of suppression crews is so that men will not be taken from established industries in cases of emergencies.

Three prevention patrolmen have also been stationed at North Bloomfield, Big Bend and Foresthill districts. These men will be used to acquaint the public with fire laws and explain the disaster caused by carelessness in the national forests.

Campfire permits must be obtained for all types of fires whether in trailer houses, gasoline stoves or open campfires, according to Dispatcher E. M. Stone. With the permits, those who use the national forests must also have a shovel and axe for additional protection.

## Donner Lake Team Beats Truckee Squad 14 to 5

The Donner Lake softball club hung up its seventh straight victory last night by walloping the Truckee delegation by a score of 14 to 5 at the Donner park. Other wins this season include two from Boca, three from Hobart Mills and one from Camp Richardson.

A return game with Richardson will be played Sunday and everyone is invited to witness the champions in action. The time: 2 p. m.

Batteries for last night's contest were Tom Tomaso and Jim Morley for Donner Lake and Bob Coffer and Roy Schmidt for Truckee.

## Search Made To Apprehend Man On Theft Charge

Car, Cash Disappear From Local Service Station

Officers are continuing their search for Robert Riordan, 38, who Saturday night left the Gateway Park service station at the same time Frank Nease's new panel side Chevrolet truck and \$185 disappeared.

Nease reported he employed Riordan a week previously to operate the station. The man had high recommendations, according to Nease, and for a week proved his value as a salesman.

Sunday, Nease reported to Patrolman G. Keeter and Deputy Sheriff N. F. Dolley, he went to the station to find his trusted employee, his new truck and \$185 all gone.

An all-point bulletin was dispatched, but no traces of the missing man have been reported. It is believed he may have gone to Milwaukee, which he had said was his home.

## Rodeo Background Story Told to Rotarians Here

"Behind the Scenes at a Rodeo" was the subject of an interesting talk given before the Truckee-Tahoe Rotary Club Monday night by Bill Lorton. Cliff Turnage was the program chairman and Oscar J. Nes, presided at the meeting.

Visiting Rotarians were James L. Clark, president of the East Los Angeles club; Dr. Bill Miller and Walter Reynolds of Auburn; Lloyd Huston of Berkeley; Dr. Harry Templeton of Mountain View; Dr. Jack Hill of Palm Springs and Arthur Floto of La Mesa. Other guests were D. Reynolds and U. S. Atter, S. P. fire inspector, and Mrs. J. L. Clark. F. E. Clark of Hirschdale was taken in as a new member. Thirty-five attended.

## Fontana Installs \$4,000 Machine in Local Plant

Determined that his patrons shall be accorded the same high quality work and service which can only be obtained in large cities in most modern plants, Al Fontana has installed a new \$4,000 Little Giant cleaning machine in his dry cleaning plant here.

The new machine operates almost entirely automatically and filters and cleans the synthetic solvent as the clothes are cleaned. When the garments come from the cleaner they are free from any odor whatsoever and are cleaned in the latest and most approved method. Aside from cleaning, the machine extracts the solvent and deodorizes.

The apparatus augments considerable other new equipment which the progressive owner has installed since he started the plant in connection with the laundry last year.

## Stan Gregorys Parents of Baby Girl on Thursday

Mr. and Mrs. Stanford Gregory are the proud parents of a baby girl born at 5:30 o'clock last Thursday night at St. Mary's hospital in Reno. Mrs. Gregory and the young daughter were expected home this week. The baby weighed just over 7 pounds.

## Local Couple Wedding is Surprise to Many Friends

Surprising their many friends, Mrs. Nellie Cronchite and Harry Brett hauer, both employed at Tony's Coffee Shop, Saturday went to Reno where they were married. They have returned to Truckee to reside. Both the bride and bridegroom are well known here and are receiving the best wishes of their friends.

READ THE ADS

## NEVADA ACQUIRES RELICS OF LOCAL HISTORIC INTEREST

That Nevada appreciates the relics which might as well be adorning a suitable location in our district, is evidenced by the fact that residents of that state have secured the early day cannon which comprised the artillery of Capt. John Charles Fremont in 1842 during his expedition in this region. They have also the old wooden Dutch figure which once graced the front of the store at Donner Monument. The latter antique rightly belongs in Reno where it was first displayed 60 years ago.

The cannon has been the subject of many arguments between relic lovers and officials. It has been in Virginia City and in California. It was at one time abandoned by Fremont in Kit Carson pass.

The war department still owns the piece and may yet be called upon to settle the argument. The Dutch figure is adorning a side walk in front of a Reno store and will probably and right stay there.

## Popular Sports Authority Guest at Lions Session

Doug Montell, the popular Associated Sportscaster heard by thousands over the air during the major football games involving Pacific Coast teams, gave members of the Truckee Lions Club and their guests a vivid word picture of the story behind the microphone during the meeting last night at the Hobart Mills CCC camp, where Lieutenant Gilbert Doolittle and his boys were hosts to the 37 attending.

In an impressive and unique manner, Montell told varied experiences of a sportscaster, his talk proving to be humorous and interesting and he left no doubt that he is equally capable of delivering an outstanding talk before a small group as he is behind the microphone.

He emphasized the desire of his employer, the Tide Water Associated Oil Company, to make the broadcasts even more entertaining during the coming season, touched on the games to come, gave a hurried sketch of the major teams, their prospects, possibilities and handicaps and kept the group in laughter with his relation of personal experiences during eleven years of broadcasting.

The speaker was presented by Oran Sanders, program chairman. C. J. Bowers presided. The dinner, cooked and served by the boys of the camp, earned the hearty applause given their efforts. A tour of the camp facilities was enjoyed prior to the dinner.

## CCC Knifer Sent to Jail to Serve 60-Day Sentence

Thomas Butler, 19, Civilian Conservation Corps enrollee at Hobart Mills, last week started a 60-day jail sentence in the Nevada county jail as an aftermath of the quarrel at the camp a few days earlier in which Edward Pate, 20, was severely slashed with a pocket knife.

The sentence was imposed by Justice of the Peace C. E. Smith of Truckee, who was lenient because of Butler's past good record.

Pate is recovering from the knife wounds in his face, arm and back, which required 67 stitches to close.

The argument started over the purchase of a \$2 pair of trousers which Butler tentatively agreed to buy and then changed his mind when he found the garment too small. Pate's insistence that he hold to the bargain resulted in the fight. Both boys are from North Carolina.

## Knights of Pythias Confer Rank Tomorrow Night

Summit Lodge No. 54, Knights of Pythias, will confer the first rank honors on four candidates for admission into the order tomorrow night. The ceremonies will start at 8 o'clock promptly in the Odd Fellows hall.

Chancellor Commander Robert E. Tonini expressed the wish that a large attendance will greet this first class of neophytes in a year.

WHY Not Send The Home Paper to Your Absent Son or Daughter? It Helps to Cure Homesickness

OH, BOY! JUST LIKE A LETTER FROM HOME

## Aluminum Drive To Be Held In Truckee Sunday

Fire Department Sponsors Local Drive For Material

### ALL URGED TO GIVE

Donors Asked to Have Old Magazines, Aluminum Ready

Not to be outdone by other cities and towns throughout the country, Truckee is to stage an aluminum drive.

Headed by Chief N. F. Dolley and Assistant Chief A. Pace, the Truckee Volunteer Fire Department is coming to the front to sponsor the drive which will be held here Sunday, between 9 a.m. and 12 noon.

The fire truck will be used to go from house to house as the volunteers make their calls in Truckee's aid to the national defense program. Members of the department are anxious that Truckee make a good showing and are urging all householders and others who have aluminum and discarded magazines to have them ready when the truck calls.

The magazines will be sent to the U.S.O. and to C.C.C. camps. Pace is making arrangements for the transportation of the materials collected locally.

Throughout the nation, citizens are being urged to do their bit by donating all possible aluminum and Truckee has never yet been found wanting in such a request.

## Youngsters Return from Church Institute at Lake

Several Truckee and Tahoe young people have returned from the Christian Endeavor camp at Incline where they had been accompanied by Rev. and Mrs. Grant Keetch of the Community Methodist Church.

Those attending were Alice Waters, Hazel Pearl Nelson, Barbara Jean Dolley, Helen and Mary Lou Graves, Everett Kallenbach, Melford Barton, Harvey Hocker and John Keetch, all of Truckee and Robert Edwards and Billy Callender of Lake Tahoe.

Mrs. Keetch acted as a counselor and also taught pine needle basketry as one of the "group crafts. Rev. Keetch was camp manager.

This week Betty Bickford and George Keetch are attending the Senior Methodist Institute at the same location.

## Former Truckee Officer Dies Suddenly in Carson

Ernest Barrett, former Truckee highway patrolman, who worked here about ten years ago, died in Carson City Sunday following a heart attack, according to word received by friends here. He was the son of the late Sheriff Charles Barrett of Alpine county and a member of a large pioneer family of that district. Funeral services were held Wednesday at Fredericksburg, Alpine county. He leaves his mother, three brothers and three sisters.

## County's Tax Average is Lower Than State Mean

California property owners paid an average tax of \$4.18 per \$100 assessed valuation during the 1940-41 tax year, according to a compilation made by the state board of equalization.

In comparison to the state-wide average, the average rate of county, city, school district and other special or general taxes in Nevada county amounted to \$2.60 per \$100 assessed valuation last year.

The state-wide average rate represented a 6-cent increase over the previous year, it is pointed out by Fred E. Stewart, Oakland member of the board.

## My Place In The Sun

by DOUG BARRETT

Last Sunday on sort of an anti-housework pilgrimage, I struck off across Donner Meadow toward Donner Lake to visit the historical monument. The new manager, Mrs. Otheto Weston, seems to have captured the idea of a small museum of local color which I believe we should have here in the Native Sons Hall. In one case she has part of the McGlashan collection of Donnerania loaned by Dr. and Mrs. Henry Hinkle from Lake Tahoe (to you John C. Latelys, Mrs. H. is a daughter of C. F. McGlashan, the local history writer and maker), she has in one wing of the building a very attractive exhibit of studio photos of this region, in another a display of Indian art and lore. It has its commercial side—as every small museum must—but it is a real asset to the community and another of the same here wouldn't

prove a drag on business.

The recent elevation of Clarence Bowers to the head of the Lions club brings to mind a list of community services too long to go into this column. I know of no business house in the area that can surpass the Sierra Grocery partnership of Bowers and Gene Barton in supplying enterprise and leadership. Both men are active in the work of the outing club and in the chamber of commerce, beside their lodges and service clubs. Between them they run as fine a grocery as will be found in the high Sierra. Progress with Barton and Bowers is not just an empty slogan, it is a constant factor in their business and civic lives. This week I doff the dirty derby to Barton and Bowers, your Red and White men.

Street Seens: Betty Gaiennie looking for a husband—she didn't want a new one, just misplaced the old... Bill Preston delivering the stuff for Coca-Cola... Bob Leamon driving a truck all day so he can afford to run his convertible at night... Mrs. Polyanich always looks in a hurry... Mrs. Dee Bowen down from the hill... Dolly Henderson (the gal with the eyes) is taking the ducats at the Donner now. With Mrs. Shattuck in the box office and Dolly at the door, Verne can book any old show and still draw a house... Rev. Herndon Carroll Ray (my old history teacher) bound homeward from Homewood to deliver a sermon in Woodland's St. Luke's Episcopal Church last Sabbath... nobody seems to enjoy the heat except those who come from where it really gets hot... Nick Swago back on his feet...

A speedy up an' at 'em is wished for Mrs. Costa and Suzy Robinson. It's tough to be down, so hurry and get up.

For 21 years I work and now I'm nothing but a number—and a darned low number at that. Oh, well, such is life, it says in the funny books!

## Defense Bond Quiz

Q. What is the reason for buying a Defense Bond?  
A. To keep America free. To show your faith and pride in your country. To warn foreign dictators that the United States is the strongest country in the world.

Q. But what if I do not have enough money to buy a Defense Bond, what can I do?

A. Buy Defense Postal Stamps, on sale almost everywhere. Your post office, bank, department store or druggist has them, or can get them for you at 10 cents and upward. Save enough Stamps to exchange for a Defense Bond.

NOTE.—The purchase Defense Bonds and Stamps, go to nearest post office or bank, or write for information to the Treasurer of the United States, Washington, D. C.

### HERE'S HOW HITLER PLANS IT!

It is still difficult for most of us to conceive of the possibility of Europe's war being brought to our shores. But the idea of an attempted invasion by troops from across the seas has seemed preposterous and most of us doubtless discounted it as the propaganda of war-mongers.

In this war, however, there have been many acts of sheer madness, or so they appeared at the outset—before Hitler's juggernaut got rolling and turned the impossible into ghastly reality. Therefore, when Congressman Warren G. Magnuson, returning to the national capital after a tour of Alaskan defenses, announces that the Berlin-Tokio Axis probably will seek to invade this country via Alaska, in the event of victory over Russia—we can hardly afford to laugh it off as impossible. Perhaps it is impossible, but the only guarantee that it will remain impossible is our own awareness and preparedness to meet all eventualities.

Congressman Magnuson, who comes from the state of Washington, predicts that if Russia collapses Germany and Japan will follow this line of action against the United States: First, Japan will open an attack upon the Dutch East Indies. Second, the German army—with the double track trans-Siberian railroad as a supply line—will attack Canada and the United States via Alaska across the Bering Straits.

The present sea supply route to Alaska would be made practically useless in wartime by Japanese submarine action, Magnuson said, explaining, "Between Seattle and the Aleutian Islands, there are 4,000 islands, any one of them capable of hiding or basing an enemy submarine. An invader operating from bases on the Siberian Coast would be in far better position to attack Alaska than we would be to defend it."

We are still inclined to think that an attempted invasion of this country is highly improbable. But we are not quite so cock-sure as to say that Hitler won't attempt it. We don't know—and that being the case, we can only take every possible step necessary to insure Mr. Hitler a hot reception if he comes visiting.

## What Makes a Restaurant Popular?

Good food, properly cooked, expertly and pleasantly served, is what makes a restaurant popular...and it's partly the reason for our popularity with the people of Truckee and Tahoe. Too, our prices are right—low enough for your profit, high enough for a profit for us.

## WINGS FOR AMERICA by Don Wiley

MEMBER, AVIATION WRITERS ASSN

The proving ground of war certainly seems to be altering the once highly critical attitude of the British press toward American-built aircraft.

Recently, such aeronautical publications as Flight and the Aeroplane have been high in their praise of the warplanes this country has been sending overseas. And this praise has been heaped particularly on ships like the Consolidated B-24 long-range bomber, Douglas DB-7B attack bomber, Lockheed Hudson reconnaissance bomber and Vultee Vanguard pursuit, all products of California aircraft factories.

Parenthetically, the British press comment sometimes make public certain details which are considered "restricted" in the United States. Because we believe them interesting and instructive, we are reprinting here with some recent comments:

From the London Times: "Tests are being made in San Diego of an improved model of the Liberator heavy bomber (Consolidated B-24) now in production for the United States and Great Britain. The improvements are stated to enable the aeroplane to fly at a height of seven miles and at a speed of well over 300

mph. Loaded with bombs, range is between 3000 and 4000 miles. It is armoured and fitted with leak-proof tanks and power operated gun turrets. Bomb load is said to be four tons."

From the Manchester Guardian. "A test pilot has spoken in glowing terms of the Douglas Havoc twin-engine fighter. This is an improved version of the original DB-7. It has a top speed of 325 mph., carries a crew of three, and though it has a wing span of 61 feet is unusually maneuverable. In its latest form in America this aircraft is powered by two Cyclone double-row 1600 hp radial engines, which give it a top speed of 380 mph and a loaded weight of 19,050 pounds."

A recent issue of the magazine Flight, in discussing the highly secret Vultee Vengeance, being produced exclusively for the British, declared:

"It has been stated that the Vengeance is a dive-bomber variant of the Vultee Vanguard pursuit."

# Lou Fagoel Wins Regatta in Boat Borrowed from Whittell

# Tahoe Women's Club Sponsors Party To Aid U. S. O. Program

Chambers Lodge, July 24.— Lou Fagoel, known from coast to coast as one of the fastest speed boat racers in the United States, captured the championship event in the annual Tahoe Yacht Club regatta Sunday in a borrowed boat after his 500 horse-powered "So Long II" was put out of racing order for the third time in Tahoe racing events. Driving George Whittell's 150 h.p. Hydroplane type racer, Fagoel, apparently with intention, got off to a slow start but soon took third place tagging A. K. Barbee's "Saxon Jr." and Stanley Dollar, Jr.'s "Baby Skip Along" driven by Jack Sweetland. In the fourth lap the "Saxon Jr." developed engine trouble after passing Dollar's boat. Fagoel continued to tag Sweetland until the home stretch of the last lap when he came abreast and crossed the finish line less than one second ahead amid cheers for both drivers from well over a thousand spectators who lined the pier and shore line. Fagoel's time over the five-lap course of approximately ten miles was 12 minutes 50.4 seconds. Sweetland's time was 12:51.2. Herbert Day's "Hae

## Lake Tahoe News

by ETHEL JOSLIN VERNON

### AUTO ASS'N STATES ROAD AT LAKE IS IN FINE CONDITION

The highway around Lake Tahoe, which each year undergoes some improvement, is gradually becoming one of ease and comfort. This year, due to its improved surface, the driver of the automobile is offered an opportunity to enjoy the scenery as he passes along its beautiful shores, reports the National Automobile Club.

The Nevada side of the lake has been materially improved, roadwise. The section between Homewood and Tahoe City is now scheduled for resurfacing, another important step in improving this scenic drive.

### NEARS 50 YEAR MARK

Metropolitan papers this week noted the fact that R. S. Shainwald, San Francisco and Lake Tahoe, lacks only seven months of seeing 50 years of service with Parafine Companies, Inc. The publicity came in connection with Shainwald's presentation of a gold watch and three-month check to a 50-year employee. Shainwald is chairman of the board of directors.

9:55.2. J. Carroll Skinner, driving the "Florence M", was second in 10:00.1. Other events and the first three placers were:

160 h.p. class: Carl Bechdolt, Jr., driving "Elsie B", 10:44.1; Earl O. Schentz in "Mary Elizabeth III", 10:50.4; W. E. McClatchy, un-named boat, 11:30.

180 h.p. class: Carl Bechdolt, Jr., 10:44.1; Bruce Symons, 10:50.1; W. E. McClatchy, 11:24.4.

Bang-and-go-back race: Carl Bechdolt, Jr., first; Earl O. Schentz, second and Herbert Day, third.

Handicap race: Mrs. Gustav Knecht drove "Margus III" to first place over a three-lap course of approximately five miles in the time of

### THREE TAHOE BOYS ASSIGNED NUMBERS IN DRAFT SYSTEM

Three young men of the Tahoe area in Placer county, subject to the July 17 draft drawing, with their local numbers and residences are:

4—Gilbert W. Grady, Homewood. 17—Edward J. Barrett, Tahoe City. 72—Charles Harry Henrikson, Tahoe. Numbers 1 to 177 have been assigned. The first number within this range drawn in Washington will become the 14th number on the Placer County list, the second the 28th and so on until the 177 have been accounted for.

Numbers 178 through 750 drawn in Washington will have no effect on the local situation, and will be disregarded in fixing the places of the local draftees on the master list for the county, according to Ferd Morgan, chief clerk of the local board.

### Ashes of Jack Frost Are Scattered Over Lake

Tahoe City, July 24.—On Wednesday last week the last rites for one of Tahoe's most beloved pioneers, John Lum (Jack) Frost, were observed when his ashes were scattered on the water according to his wishes.

Jack Frost had been well known and highly respected in the lake region throughout a long life. He was brought to his father's homestead at Rubicon Park as an infant and thereafter spent every summer of his life on Lake Tahoe's shores.

On Wednesday his mourning relatives looked out over placid waters to bid him farewell as he became forever a part of the beautiful lake he loved so long.

Bishop Noel Porter of Sacramento preached Sunday morning at the outdoor chapel at Tahoe at 11 o'clock. A picnic lunch was held on the grounds following services.

Mr. and Mrs. Kenneth Pope of San Francisco had as their houseguests at the George Pope home at Lake Tahoe Mr. and Mrs. Walter Newhall and Florence Loomis also of the bay city.

by SWANEE

On Thursday, July 31, the Tahoe Women's Club will do their bit in behalf of that worthy American cause, the United Service Organizations. At 2 p.m. a card party will be held under their auspices in the Tahoe Community Center where tables will be arranged to handle the record crowd anticipated.

Mrs. Tejas Edwards, chairman of the day, announce a musical program will be offered during the afternoon along with refreshments.

Players will be privileged to select any card game to their liking—auktion or contract bridge, pinocle, whist, etc.—with an award for high score available at each table.

It will be highly appreciated if those planning to attend will call Mrs. Edwards for reservations at Tahoe City 74Y21 or mail them to her at Box 386, Tahoe City. There will be a small admission charged, the entire proceeds of the day to go to the USO fund.

It is suggested to those planning to attend also that an inexpensive gift, suitable for a boy in camp, be wrapped and brought along, as well as any reading matter, such as books or magazines, all of which will be forwarded to one of the nearest encampments for distribution. The gift, however, is optional.

Suggested welcome articles for the boys are stamps, stationery, books, shaving necessities, small mending kits, handkerchiefs, socks, cards and games, cigarettes, candy, cookies and the home-town newspaper or a magazine subscription.

Highlight of the afternoon will be an interesting talk by Major Arthur P. Crist, reserve officer of Tahoe who has seen 22 years of active service in the Marine Corps. He will create for the guests a comprehensive mental picture of the daily life of the boys in service, explaining the real need for recreational facilities in present day military encampments.

Merchants and individuals all around the lake are displaying friendly cooperation in donating awards and money toward this worthwhile of all American causes. The Women's Club hopes to make a real contribution by their efforts and requests all who are able to attend or donate even a small amount if possible. Donations may be mailed direct to Mrs. Edwards. They say "Charity begins at home!" so let's show the boys of America that we really appreciate their loyal patriotism! Come to the USO party on the 31st of July and bring your friends.

A special exhibit of hand-painted photographs done by Mrs. Charles Swanson will be displayed at the affair. They will be of the various seasons at Lake Tahoe, including views of winter scenery. These photographs are for sale by the artist and a generous percentage of any sales made at the party will be donated to the U. S. O. program.

Mrs. Charles Cross of this city entertained house guests from Merced over the week-end.

### MANY REPORT GOOD CATCHES OF TROUT IN TAHOE VICINITY

Tahoe City, July 24.—Bob Wringer of Sacramento bagged some nice limits in trout while fishing along the Truckee river this week. His prize catch was a German Brown 26 inches long.

James Elair, also fishing in the river, caught an eastern brook trout 24 inches long, weighing two pounds.

Willis Hevel of this city, while on a fishing excursion in the Five Lake vicinity, took a limit of eight-inch brook trout from the pools of Bear River.

Mr. and Mrs. James Shirkey of Reno spent Sunday on a fishing excursion on Lake Tahoe and the Truckee river.

Mrs. Jerd Sullivan of San Francisco was the recent guest of the John Hookers at Lake Tahoe.

Mrs. Kenneth Kingsbury was hostess to Mrs. Gwin Follis at her Lake Tahoe home recently.

Tahoe bound are the Charles Fays Jr. and the Peter Folgers of San Francisco who plan a 10-day vacation at the lake. The James Bradleys plan to weekend with the Christian de Guignes III next week end from the same city.

Mrs. Ruth Shifton of this city is expected home this week after a six-week stay in an Auburn hospital.

## HELEN TOWNE AND GUESTS HIT TRAILS

Tahoe City, July 24.—Miss Helen Towne of the bay region and Lake Tahoe, with a party of friends, is safely launched this week on her first extended camping trip for the season. The pack train of six horses, guided by Fred Mabe, an experienced trail rider, left here last Thursday for a seven days trip into the back country.

The party planned to visit the Vema Lakes region for good fishing, and return by the Rubicon route, with a bit of angling in some of the

lakes and streams in that vicinity. Miss Towne has explored the high trails, on horseback through several Sierran summer season and likes this sport immensely. On this trip she planned to take a total of 100 pictures of the back country.

The California State Fair is the largest state fair in America with 713,625 admissions in 1940 and attendance of 800,000 forecast for the 1941 Exposition opening August 29 in Sacramento. Guests from every state in the Union and eight foreign countries registered at the fair last year.

## Edsel Ford Inspects War Machine

ONE OF the high-speed, track-laying vehicles the British call the Universal Carrier is being inspected here by Edsel Ford, president of the Ford Motor Company, and Wallace R. Campbell, president of the Ford Motor Company of Canada, Ltd., left. This highly maneuverable tank is one of several types of war machines being produced in volume in the Canadian Ford plant at Windsor, Ontario.

### Exhibit of Bibles Feature Of Services at Tahoe Hall

Have you seen the Bible printed in Norwegian? Or in French? Have you seen a New Testament printed in Greek or an authentic Jewish Bible?

All these and many more may be seen Sunday, July 27, at the Tahoe Community Center, either during Sunday School in the morning or during Vesper services in the evening. The Tahoe Sunday School will have an exhibit of Bibles at this time including one 91 years old that came from England, the New Testament in modern speech, an American translation by Goodspeed, a Bible used during the early days in Penryn and many other family Bibles and old Testaments.

The Bible is still the "best seller" of books in the United States, over 248 million volumes having been issued by the American Bible Society, in some 285 languages and dialects, including 25 languages and systems for the blind. The society's work covers the United States and 40 foreign countries. Nearly seven million copies were distributed to soldiers and sailors during the World War.

Everyone is welcome to come and see this exhibit and during the Vesper services at 7:30, Rev. Grant Keetch of Truckee will give a special lecture on "The History and Development of the Bible".

### CHIEF WARNS DRIVERS AS NEW SPEED LAW IS SIGNED

Don't make the mistake of trying to go ten miles an hour faster than the speed at which you have been accustomed to travel just because the bill increasing the maximum prima facie speed allowed from 45 to 55 miles an hour has been signed.

This warning was issued jointly this week by James M. Carter and E. Raymond Cato, director of motor vehicles and chief of the highway patrol, respectively.

Actually the new law merely legalizes speeds at which motorists have been allowed to travel for a long time, these officials said. Highway patrolmen have recognized for a long time that speed in excess of 45 miles an hour could be permitted with safety under certain conditions and have granted some tolerance.

### Schedule for Red Cross Swim Classes Revealed

Tahoe City, July 24.—The American Red Cross will conduct a campaign for swimmers, life savers and beginners at Tahoe City from August 4 to August 16.

Stuart Phillips of Oakland, who will be the instructor, says that classes may also be held at Kings Beach and that all who complete the course satisfactorily will receive certificates. Instructions will be free.

Registration cards may be obtained at the Tahoe branch of Placer county library, where schedules of classes will be publically posted. A tentative program of the daily classes follows.

9 a.m. to 9:30, beginners over ten.  
9:30 to 10, beginners under ten.  
10 to 10:30, adults.  
10:30 to 11, swimmers.  
11 to 12:30, life saving and water safety.

The class in life saving and water safety is scheduled for Tahoe City only, as this is a central point for adults of the north and west shore districts, as well as convenient for high school students.

Mr. and Mrs. Henry Bohling of San Francisco returned home Monday from Lake Tahoe where they were guests of Mr. and Mrs. John Merrill. The Merrills will remain another week at the lake.

The Misses Joan Ehrman and Pat O'Neill are summering at Lake Tahoe from their bay region homes.

Mr. and Mrs. Ben C. Gerwick and daughter, Jean, returned on Monday evening to their east bay home after a stay at Tahoe Tavern.

Mr. and Mrs. Wesley D. Smith of San Francisco have taken a house on Truckee River near Tahoe City for July. Wesley, Jr., a Stanford student, and Peggy are with their parents now and Stuart, who is on a motor trip with a friend, will join the family soon.

## SUMMER STOCK CO. WILL OFFER "HER MASTER'S VOICE"

Entering the fifth week of its initial season, the Tahoe Players present "Her Master's Voice", opening on July 29. This offering, in contrast to this week's morbid melodrama, is a brusque comedy of decidedly American humor. The story itself revolves around the perennial comic situation of mistaken identity and the harassed husband who finds himself surrounded by three positive personalities, viz, a wife, an aunt and a mother-in-law. Unlike so many modern comedies, "Her Master's Voice" retains its appeal as a clever play despite its six years.

The players presentation is being staged by Ted Marcuse, well-known peninsular director and actor. Marcuse will be remembered for his clever and unique staging of "Private Lives" produced earlier in the season. Hal Millen, technical director, who has effected amazing setting on a rather limited stage, has again devised a two set show which is an added credit to his professional craftsmanship.

The production has been well cast, with personalities particularly well adapted to their individual roles. Miss Fran Ryan, character comedienne, leads the cast in the role of Aunt Min, the redoubtable relative who hires her niece's husband out on an estate to which she has taken the good man's wife as an escape from her "horrible husband". The befuddled husband, Ned Farrar, is played by Frank Burt, veteran Sam Morford is cast as Mr. Twilling, with Janice Schwensen playing the role of Mrs. Martin, the well-preserved mother-in-law. Jean Smith plays opposite Burt as the well-protected, but mystified Mrs. Farrar.

With such a cast working in a play that has proved itself a definite comic hit through its numerous productions, the public has every reason to expect an exceptional show. Certainly it is to be ranked as one of the season's outstanding efforts.

On the boards at present and continuing through Sunday, July 27, is Patrick Hamilton's latest play "Gas Light", a psychological melodrama set in the dank mustiness of the late Victorian London.

### Thoughtfulness in Midst of Selfish World at Tahoe

Tahoe City, July 24.—It was brought to the attention of Mr. and Mrs. Ralph F. Walker of Sunnyside Beach recently that human thoughtfulness and concern for others still does exist in spite of a number of things. Mrs. Walker says she experienced a heart-warming sensation as this fact was proven to her and she would like others to know about it.

The Walkers, with their household guests, had hit upon a novel and very pleasant idea for a picnic. They boarded their motor boat, well supplied with cameras, lunches and miscellaneous equipment and instead of seeking a shady shore location, the boat was headed out for mid-lake. There, where the water was bluest and the sun most golden, the motor was shut off and lunches began to make their appearance.

Suddenly from the far shore line a faint call drifted out to the picnickers. There was an anxious note in the repeated "Boat ahoy" so the Walkers hastened to send back an answer. Then came the inquiry, clear though faint, "Are you all right out there?" Assurance was promptly given and the unknown friend went his way relieved. Who he was will probably never be known, but he showed a human concern for the safety of his fellow man.

This weekend will find the Misses Nancy Miller of Piedmont and Mary Clause of Swickley, Pa., at Tahoe for a few days visit with Isabel Tinning before Miss Clause returns to her eastern home.

## Tahoe Region News Items

Three Tahoe City hikers, Mrs. Henry Wehrman, Mrs. C. W. Vernon and Miss Margaret Luhrs, made a trip into the Rubicon country during the past week. They report the back country at its most beautiful and fish seemingly plentiful in the Rubicon river and nearby lakes, including Rockbound, Buck Island and Long lakes. The party drove about 40 miles of mountain road and walked ten miles of high trails to complete the round trip.

The only auto accident reported at Tahoe during the past week was on Saturday when two cars collided on a curve of the Dollar grade. A pickup driven by William Hollenbeck of Meeks Bay was struck by a coupe belonging to Louis Lewon of San Francisco. The drivers escaped injury but both cars were badly damaged.

The "cinema under the stars" is in operation for the summer season at Homewood. The outdoor movies are showing a list of popular films on Wednesday and Sunday evenings through July and August.

On last Thursday morning, July 17, Mr. and Mrs. Cliff Watson of Tahoe Tavern became the proud parents of a daughter. The youngster weighed eight pounds and was born in an Auburn hospital. She has been named Roberta Jean.

A book recently given to the Tahoe City library in memory of the late Captain Arthur Brodehl is now in circulation, according to Mrs. A. M. Anderson, librarian. It is entitled "Mathematics Made Easy."

At a meeting of the school board on Friday Mrs. Stella Watson was again chosen as driver of the school bus here. This is her ninth term of driving for the school and she says this is her 26th year of driving various kinds of cars without accident.

The Misses Donna Mae and Joan Fletcher of Carson City are spending a pleasant summer vacation here, visiting their aunt, Mrs. Stella Watson.

Dinner guests at the Charles Swanson home at Sunnyside on Monday evening including Mrs. George Mawdsley of San Francisco and her two small granddaughters, Astrid and Karin, with their father, Warner Anderson of Palo Alto.

On Tuesday the Swansons entertained at dinner Mrs. E. E. Prusso, her sons, Sherwood, Ray and Donnie, and daughter, Mrs. Theda Teagarden. Mrs. Prusso and family are spending the mid-summer weeks in her lakeshore home near Carnelian Bay. Her husband and son-in-law are engaged in business in the east.

Mrs. M. Abel, formerly of Tahoe Tavern, has opened a dress shop this week in an apartment above Kings Restaurant in Tahoe City.

Mrs. Robert Spencer of Oakland was a visitor at the A. M. Henry home here on Monday.

Mr. and Mrs. E. Josman and daughter, Annabelle, of Santa Monica are spending this week in camp at Meeks Bay. They visited friends in Tahoe City Monday.

Bob Grossman of Sacramento with friends, Stanley and Charles Ralph, plan a visit to young Grossman's sister, Jessica, here over the weekend.

Gene and Bud Walker of Woodland visited friends in Tahoe City Sunday. Mrs. John Pingree of this city motored to San Francisco Tuesday for a few days combination of business and pleasure.

### Tahoe City Folks Lead Rural Placer in Reading

Tahoe City area readers borrowed 12,796 books and magazines from the Placer county library during the fiscal year of 1940-41, according to a report by Mrs. Faye Russell, county librarian. This was the largest number of volumes borrowed outside the Auburn city limits from the institution.

Patrons in the Kings Beach region borrowed 922 books during the same period.

# Summer Time

The temperature is up and most people aren't giving much thought to the problem of winter heat. However, this is the time to give a great deal of attention to that problem which literally may mean the difference between comfort and suffering, between life and death, here in the High Sierra.

This is the time to replace the outmoded and inefficient heating systems with modern oil burning units to furnish a maximum of healthy heat in the inevitable cold winter days ahead. This is time, too, to insure your winter's supply of fuel oil for the entire season. Then, too, this is the time to check your present oil burning units to see if you are enjoying peak performance from flawless equipment.

Yes, sir, now is the time for all good men to check up on next winter. It will be here sooner than you realize.

## RAIL ODDITIES

REDUCING THE AVERAGE "TURN-AROUND" TIME OF EACH RAILROAD FREIGHT CAR ONE DAY, BY FASTER UNLOADING, ADDS TO THE NATION'S FREIGHT CAR SUPPLY THE EQUIVALENT OF 99,600 CARS.

THE 600 BILLION GALLONS OF WATER USED BY THE AMERICAN RAILROADS EACH YEAR, WOULD FILL A CHANNEL 600 FEET WIDE AND 9 FEET DEEP, REACHING FROM NEW YORK TO SAN FRANCISCO.

### THURMAN TAKES OVER SUSPENDED PAPER'S LIST

The Sierra Sentinel, winter sports and recreational weekly published at Dutch Flat, has suspended publication. The Colfax Record, published by Allen G. Thurman, has taken over its circulation.

The Sentinel saw the light of day last December at the height of the winter season, under the editorship of the late Stuart Dunbar. Upon his death his daughter, Janet, carried on the publication.

Recently Miss Dunbar accepted a position with the Ice Lakes resort, which made it impossible for her to continue supervision of the Sentinel.

### ROAD MAGNET

The Missouri State Highway Department has a powerful road magnet which it uses to pick up nails, screws, bolts and other bits of metal likely to puncture automobile tires, reports the California state automobile association. In a recent 748-mile tour of 12 counties, the magnet picked up nearly 12,000 pounds of metal.

Telephone 11

Now—more than 12 million  
telephone calls a day!

THE number of telephone calls we handle on the Pacific Coast has mounted to over twelve million a day!

Each telephone call must be made to order—on a moment's notice...manufactured and delivered in a matter of seconds.

That's a big job—but it's only part of the job we're doing today as the West hits its stride on National Defense work. Add to this a program of plant additions, this year, in excess of \$70,000,000 of which expenditures for new construction alone will be over \$57,000,000.

We are making an all-out drive of man power, materials and money to supply the kind of telephone service that will help the Pacific Coast speed its part of America's biggest job.
